SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, December 1st, there being present Wm. H. Brown presiding, Jas. T. Casey, John MacBain, Jos. M. Francis and D. E. Blackburn.

General Edward Kirkpatrick, a land-owner in the First township, addressed the board and asked that a latteral road to join the road leading from Colma to Tobin be maintained by the county for the convenience of a large number of the residents on the coastside. He informed the board that he would make no charge to the county for rights of way through his property for the main county road which was about to be constructed out of the bond issue.

In view of General Kirkpatrick's offer it was Casey's opinion that the board could well afford to keep the latteral referred to by him in repair. He moved that the Surveyor make a survey of the road and report to the board. The motion was seconded by MacBain and carried.

A communication was received from the Modern Improvement Club of Farralone, calling attention to the continued delay in the installation of the lights in the Montara lighting district.

Francis stated that a map of the district had been handed to him that day and the work of installing the lights would be done as quickly as possible.

A petition, signed by Edward B. Hindes and others, was received, asking that eight additional lights be placed in the Menlo Park lighting district at the following locations: Three on Alejandra avenue, one on the corner of Valparaiso and Elinor avenues one on the cornor of Elinor avenue and Camino al Lago, one on the corner of Camino al Lago, and Park lane, one on Oak Grove avenue and one on the State Highway at Atherton.

The petition was granted on motion of MacBain, seconded by Francis.

A petition signed by Geo. A. Neal and others was read, asking that ten additional lights be installed in the Belmont lighting district.

The petition was granted on motion of MacBain, seconded by Blackburn.

The clerk announced that he had received no bids for the Burlingame school bonds He was directed to readvertise, bids to be opened December 15th.

Surveyor Neuman presented plans and specifications for an overhead crossing on the Ocean Shore railroad at Thornton, the estimated cost of which is $659.

The clerk was directed to publish a notice calling for bids for the work.

A petition signed by Frederick W. Sharon ond others of the Third road district, was received, asking that Valparaiso avenue, extending from Carmelo road to Searsville road be closed and discontinued. Accompanying the petition was an agreement by William Cranston to erect the necessary fence to close said road.

The petition was granted by resolution adopted on motion of MacBain, seconded by Casey.

The Surveyor recommended that an unused cattle runway on the Whipple road in the Second road district be replaced by a culvert at a cost of $125. It was ordered that Chairman Brown have the work done.

It was ordered at the request of MacBain that the clerk communicate with the Highway Commission and ask that a representative be present at the next meeting to confer with the board regarding the installation of culverts on the highway

R. F. Chilcott addressed the board and asked that the grade of El Camino Real in the Town of Redwood City be reduced two inches to allow the street to be paved with asphaltum its entire width, the extra work to be done by the property owners.

On motion of MacBain, seconded by Francis, the matter was referred to the District Attorney for a written opinion.

A committee representing the Tourists' Association of the bay and river counties, composed of T. Curran Clark of Redwood City, W. H. Kelly of Palo Alto and Dr. J. B. Bullitt of San Jose addressed the board and asked that an appropriation of $100 per month be made during 1914 for the purpose of encouraging immigration to this part of the State. A total of $50,000 is to be raised in thirteen counties.

It was the sense of the board that the expenditure would be a wise one, provided the other counties contributed

On motion of MacBain, seconded by Casey, the matter was postponed until the next regular meeting.

The clerk was directed to notify the Albrecht Graf Montgelas Company, whose representative agreed to procure a supply of water at the County Farm at a cost of $6000, that their price was too high considering the amount of water they agree to procure.

The claim of the A. L. Young Company for $485 for a pumping plant for the Fifth township, was allowed on motion of Blackburn, seconded by Francis, it being explained by Mr. Young that the claim was for a replacement of a pump previously installed and returned to the company.

R. F. Chilcott was employed to prepare maps of the voting precincts recently agreed upon by the members.

MacBain reported that he had conferred with J. A. Folger regarding the right of way through his property at Woodside for the new mountain road and had been assured by Mr. Folger that he would not ask any damages from the county excepting that he be given the wood to be removed from the road and that the county do the fencing. With this understanding Mr MacBain approved the claim of J. J. Morser for $500 for surveying the right of way.

Blackburn reported the bad condition of the Pescadero steel bridge, recently repaired by the surveyor. William Moore corroborated the statement of Blackburn, and said that the bridge was in need of immediate attention.

Surveyor Neuman stated that he would examine the bridge and report its condition to the board at the next meeting.

Adjourned to Wednesday, December 10th.

Donated By Board of Trade.

A handsome engraved silver cup, the gift of the local board of trade, to the San Mateo County Poultry Association for its exhibit at San Mateo this week, is on display at the meat market of Maloney & Romes. The poultry association is receiving general encouragement throughout the county and many very handsome trophies have been contributed for its show. It is expected that the next exhibit will be held in this city.

From the big 225-foot dam at Lake Spaulding the water is now rushing through tunnel and ditch to turn the wheels of the new Drum power plant on Bear River.

This new development, the machinery of which was set going Thanksgiving eve, has already added 33,000 horsepower to the sum total of electric energy which "PACIFIC SERVICE" places at the disposal of its customers, night and day.

It is so much additional aid to the development of the natural resources of our wondrous state of California

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

ACCIDENT VICTIMS ARE ON ROAD TO RECOVERY

Mrs. Glennan and Mrs. Wolf Both Declared Out of Danger.

Mrs. F W. Glennan and Mrs. Christian Wolf, who were injured by a north-bound passenger train in this city late Monday evening, are improving nicely and will recover No serious results are anticipated, although the women will be confined to their homes for some weeks to come. They had a narrow escape from instant death. Both women are cheerful and are thankful that they are alive.

Mrs. Fred W. Glennan and Mrs. Christian Wolf were returning from a ride in a buggy driven by Mrs. Glennan, and attempted to cross the railroad at Beach street, after the Dumbarton train had passed north towards the depot. The Santa Cruz train also bound north was coming at a high rate of speed unseen by the ladies, whose horse was struck and instantly killed and Mrs. Wolf thrown thirty feet, striking her head against the wooden curb. Mr.Glennan was caught on the front of the engine, with her head hanging a few inches from the track, her clothes miraculously entangled in the cowcatcher, saving her from a terrable death, and carried fully a block from the scene of the accident before the train was stopped. Mr. J. E. Layng, who was passing was the first to see the helpless woman on the front of the engine and assisted in releasing her from her situation She was then taken on the train and carried to the depot and from there taken to her home.

Mrs. Wolf was taken to her home, only a few yards from where the collision took place, and soon afterwards removed to the Huling sanitarium. Dr. J. L. Ross, assisted by Dr. J. E. Chapin, upon examination, found that the injured woman's skull was fractured and she had received bruises about the body but no bones were broken.

Mrs. Glennan's injuries were not of as serious a nature as those of her fellow sufferer, bruises and a wrenched back being the most severe. She says that she did not hear the approach of the train which struck them. Mrs. Glennan showed remarkable fortitude and was quite cheerful after her experience.

"CUPID'S DISGUISE," OPERA BY HIGHSCHOOL STUDENTS

The operetta that Mr. Carrington has chosen for the annual presentation at the Alhambra is "Cupids Disguise." For some weeks the music section has been working on the choruses and individual members have been working up the principal roles. "Cupide Disguise" is somewhat different from previous operettas in that the scene is placed in court circles, the principal characters being the king, princess and prince. Considerable expense will be incurred in the costuming and a pretty effect will be had entirely different from the ordinary scenic effect for the school operetta. Mr. Carrington is doing all he can to strengthen any weak points and to make the choruses of forty voices do justice to his supervision. Reservation will be made at Ryan's Drug Store, as usual, Monday noon and the public is advised to make their reservations early in order that any choice seats they have in mind may not go to some one else. The principals of the cast are as follows, supported by first and second choruses:

The king, a fussey little monarch.Stanton Mullen
The princess, his daughter....Susie Bridgewater
The prince.....Mr. Carrington
The court chaperon.....Claire Shields
A friend of the princess.....Jennie Larrouy
A friend of the prince.....Duncan Reynard
Keeper of the royal spectacles...Robt. O'Connell
Keeper of the royal cash box..Stephen Tichenor

There will be a sale of home-cooked dainties at bazaar of St. Mary's Guild, at Odd Fellow's hall this afternoon.

The Christian Endeavor society of the Congregational church will give an entertainment in the parlors of the church December 19th. The young people have prepared a splendid program for the occasion. Among the features of the evening will be a museum of new and interesting specimens.

The report of J. J. Doyle and Edward Doyle, trustees of the estate of Emilie Pope and John D. Pope, grandchildren of the late John T. Doyle, that was contested by the minors through their attorney A. H. Redington, was heard before Judge Buck this week. Nothing sensational developed in the hearing. The matter was submitted to the court on briefs late Thursday evening and a decision is expected shortly.

COUNT OF MONTE CRISTO COMING TO BELL THEATER

Famous French Drama to be Shown Next Wednesday Evening.

The Famous Player FilmC ompany could justify its name and purpose in no better way that it has inpresenting James O'Neill, the famous stage favorite, in his greatest characterization in "The Count of Monte Cristo" in motion pictures. Famed as is this great masterpiece of the most gifted author France has ever known and the world-famous artist who has portrayed its leading character for so many years that the two are inevitably associated, the film production must needs renew interest in the one and increase the popularity of the other. No other dramatic offering of the past three decades has had such a unique history as this very subject. Applauded by hundreds of audiences, endorsed unanimously by the press and commended throughout the world as a master drama, it merits a distinct place in the the history of contemporary dramatic advancement.

Dumas found inspiration in the active life about him and drew from it with the consummate skill of a true genious human sorrows and hopes and achievements; James O'Neill finds a similar inspiration in the great character which he is called upon to portray. The combined result is one of the strongest dramatic types ever impersonated in the long history of histrionic endeavor.

"The Count of Monte Cristo" in motion pictures will serve to immortalize Mr. O'Neill's gifted portrayal and will rebound to the great credit of its producers.

This great production will be shown at the Bell Theater next Wednesday evening only. Admission 10 and 20 cents.

Selby Ranch May be Sold.

Judge Buck has appointed Judge E. F. Fitzpatrick, at the request of the parents ot the children, guardian ad liten of the following minors: Arthur Selby, Barbara Olney, Cornelia Olney, Rowena M Selby, Prentiss Selby, Alice Kempff, Elizabeth Bullitt, Ralston Bullitt, Minar Bullitt, Beatrice Ralston, Jackson Ralston, Frances Caroline Johnston, Mary Hayne, and John Doe Kempff Some time ago Mrs. Hendietta Selby, widow of Thomas H. Selby, brought a friendly suit in the Superior Court against the heirs of the late Mr. Selby, including the above minors, to have that portion of the will, left by Mr. Selby, vesting the title of the well-known Selby ranch at Atherton, containing over 400 acres of land, in his wife during her life time, set aside. This clause prevents Mrs Selby from disposing of the ranch. Mrs. Selby recites in her complaint that it is for the best interest of all the heirs to sell the property at this time, while there is a demand for it and to convert the proceeds into personalty from which a good revenue will be derived. The income from the ranch at present is very small, inadequate for Mrs. Selby's needs. Mr. Fitzpatrick will represent the minors in the suit when it will come up for hearing. Should the case be decided in favor of Mrs. Selby, and most likely it will, the property will be subdivided and placed on the market next year. Mrs. Selby, who resides in France, is upwards of 90 years old. She is represented in the suit by E. B. Pringle, the well-known attorney.

PIONEER WOMAN IS CALLED TO REST

Mrs. Mina Finger, Former Redwood City Resident, Dies at Santa Barbara

Mrs. Mina Finger, a former resident of Redwood City and a pioneer of the county, passed away at the home of her son, Henry J. Finger, at Santa Barbara Thursday at the advanced age of 87 years. The deceased, before moving to Santa Barbara several years ago, resided here for over fifty years. She came here with her husband at a time when there were only a few houses in Redwood and located on a piece of land near town known as Finger Grove. Mrs. Finger spent her long life in doing good, alleviating the sufferings of others and assisting the needy. The latch string of her home always hung on the outside. No one left her abode hungry .She always fed and housed the weary wayfarer. As many as thirty tramps would be taken care of in a day by this kind and benevolent woman. She loved to do good and aid those in distress. Those who knew her best will be the most enthusiastic in sounding her praises. Mrs. Finger loved to recount the stirring incidents of pioneer days and when in this reminiscent mood told of some interesting history of Redwood's early days. She took part in the first Fourth of July parade held here over fifty years ago and as a singlar coincidence was in the last one that was held in 1909, Redwood City's golden jubilee. In the first celebration Mrs. Finger road in a farm wagon hauled by a pair of mules while in the last parade she was seated in an un-to-date automobile Thus was contrasted the present with the past. Mrs. Finger is said to have been the only woman in the United States entitled to a pension for personal services during the Mexican war. Mrs. Finger, who was the mother of H. J. Finger, member of the State Board of Pharmacy, and special envoy to the Hague during the opium conference, ministered to the sick and injured during the Mexican war, through which her husband fought as a United States soldier. Because of her work the Government awarded her a medal at the centennial exposition in 1876.

Mrs. Finger's husband was killed by a Southern Pacific train here over twenty years ago. The deceased never fully recovered from the shock. She leaves one son, two other sons born to her died in their youth. The good deeds of this kind woman will always be an inspiration to her numerous friends in Redwood City.

The remains of Mrs. Finger will arrive here this moning from Santa Barbara at 5:30 o'clock and will be taken to the James Crowe Company's undertaking parlors. The funeral will take place from the Congregational church at 2:30 p. m. tomorrow afternoon and interment will be in Union cemetery.

They will be distributed as follows: Three lights on Alejandra avenue which runs past the Fife residence to the Morey and Delger places, one on Oak Grove avenue near the residence of W. A. A tramp dog, or rather a canine with a roving and destructive disposition, entered the hennery of J. B. Leonard on Oak Grove avenue one evening last week and killed sixty golden pheasants. When the owner opened the gate early next morning he found the dog asleep with the sixty birds strewn about the yard. The canine was at once sent to the place where the wicked cease from troubling. When it is considered how delicate the pheasand is and how hard it is to raise them, the loss was a serious one They could have been easily sold for three dollars a piece. The animal's supper was therefore a very expensive one.

The Southern Pacific Company and the people generally are very fortunate in having Patrick Hopkins in charge of the gates on Oak Grove avenue He is always on the alert and careful when trains are approaching the depot. He is particularly solticious about the welfare of children and when ever they are crossing the track at train time he steraly warns them of their danger. Mr. Hopkins certainly deserves a vote of thanks from all parents for his solicitude on behalf of their children. The Southern Pacific Company may also be congratulated for giving the people the services of such a faithful employe.

On last Saturday evening the members of the Menlo Park Horticultural Society entertained their friends at a dance and banquet in Duff & Doyle hall. About 200 guests were present and everything possible was done to make the occasion a memorable one. After the banquet J. T. Lynch introduced the various speakers. Henry Goertzhain, the president of the club, spoke most interestingly of the work done by the society; he told briefly of the progress of the last few years and of the wonderful success of the flower show recently held here. Mr. Goertzhain has worked unceasingly in the interest of the society, and it is largely due to his efforts that the membership list contains so many names. George Ward responded to the toast "The Ladies." Mr. Ward remarked that he had not been notified in time to prepare a speech, but added that he was seldom at a loss for words in praise of the ladies. The next speaker was Thomas McIntyre, whose speech was short and very much to the point. He finished his remarks by suggesting that everyone return to the ballroom. He was vigorously applauded by the young folks present. A. F. Bearsby of Palo Alto sang and pleased his audience so well that he was obliged to give four encores. J. T. Lynch sang several baritone solos which delighted his audience. All together the evening was a most enjoyable event.

COUNCIL DISCUSSES HEALTH CONDITIONS

Report of City Sanitary Expert Suggests Improvements for Sewerage Disposal

An unusually long session of the city council last Monday evening, at which all of the trustees with the exception of Trustee Hynding who was out of the city, were present, was devoted to a very large extent to the discussion of sanitary problems as presented in an exhaustive and instructive report submitted by Harold F. Gray, an expert on his subject, who recently made an examination of local conditions at the request of the council. Evidently Mr. Gray had gone into the subject thoroughly and his criticisms were direct and to the point. While no serious criticism of general conditions was made, many ponts of improvement were suggested. Some sewer fault was found with the present sewer system, which Mr. Gray pronounced inadequate for the work demanded of it. Especially was fault found with the character and location of the present outlet, which it was pointed out was too near the city and thus liable to cause a return of the discharge with the inflowing tides. As a remedy a mechanical and chemical method of disposition was suggested as the most economical. In the way of general legislation, a reorganization of the board of health was suggested as the first step. In this it was urged that the board should be composed of the president of the board of trustees, the health officer, the city engineer, the city marshal and one lay member, preferably a woman, thus providing an organization equipped to cope with all phazes of the question. Mr. Gray also strongly urged the necessity for the permanent employment of a sanitary inspector who should be required to give his entire time to the work, thus relieving the health officer of many routine duties which he considered it unjust to expect at the salary at present paid that official. In discussing this question, Mr. Gray paid a high compliment to the work of Dr. Ross who in the past had been at much private expense for laboratory examinations and work. The method of collection and disposition of garbage and stable waste came in for rather severe criticism at the hands of the expert, the report indicating much carelessness on the part of private householders who fail to provide either proper receptacle for for their garbage or to secure its removal until it had become a source of danger and annoyance to the neighbors. The general conduct of stables in this regard was also criticised, this being held up as one of the most dangerous sources of breeding flies. It was also urged that reasonable care on the part of householders might do much to prevent the breeding of mosquitoes. With the employment of a sanitary inspector proper laws governing these nuisances might be enforced and much possible danger averted... After a full discussion of the report, it was referred to the committee on public health with the suggestion that as soon as possible means of putting into effect at least the more imperative suggestions be outlined.

T. C. Rice was granted an extension of 30 days in the time for the completion of curbs and sidewalks construction under his contract. A similar extension was granted the John R. Ott Company on their contract for street paving.

A communication from the Peninsula Automobile Company called attention to the need of repairs to Winslow street in the vicinity of the depot, which was said to be a hinderance to travel and an unsightly object. After discussing various temporary remedial experiments, the complaint was placed on file with the understanding that the street would be placed in an improvement district with Arguello street, and be entirely resurfaced.

Upon a report from Trustee Hahir that there seemed no prospect of an agreement among the owners of property on Main street from the railway crossing to the County road for its improvement under pripate contract, the city attorney was directed to prepare proceedings necessary for the ordering of the work under the general street improvement law. A similar order was made regarding the improvement of Stafford street.

Upon the motion of Trustee Deleau it was ordered that the membership of the city in the Bay and River Counties Tourist Association be continued definitely during the year 1914 at a monthly contribution of $10.

After a strong insistance by Chairman Merrill, steps were taken to preserve the rights of the public to the unobstructed use of the passageway along the old wharf on the westerly side of the creek from the bridge at Broadway. In bringing the question of the incroachment on the rights of the public to the attention of the council, Chairman Merrill stated that it had come to his knowledge that a lockk had been placed on the gate in the fence recently erected at the bridge and that a fence had been built across the wharf. This, he insisted, was but one of recent attempts to usurp the rights of the public along the banks of Redwood creek, which were rapidly becoming of value. He urged that it was high time steps were officially taken for the conservation of these rights, After some discussion of the legal phases involved, the superintendent of streets was directed to see that the lock was taken from the gate and any other obstructions to the free use of the wharf removed.

At the suggestion of Chief Winter an adjournment was taken until next Tuesday evening, when the council will meet in joint session with the delegates from the fire department for the annual election of general officers.

H. C. Baker has commenced an action in the Superior Court against the City of Daly City and others to prevent the treasurer of said town from disposing of $10,000 of water works bonds to Guy Hyde Chick president of the Contra Costa Construction Company. The complaint, which is a very lengthy one, alleges that the city trustees on May last ordered a special election for the voting of $100,000 bonds to establish water works to supply the city with water, that an election was held on June 21, and at said election the required two thirds vote was received. Thereafter the trustees made an effort to dispose of the bonds but could find no purchaser. Last October Guy Hyde Chick offered to take $10,000 worth of bonds at par value and the trustees consented to the sale. Now plaintiff steps in and asks that the terasurer, T. Sheehan, be enjoined from receiving the money. The trustees recently awarded a contract to the Contra Costa Construction Company for furnishing and laying water pipe and agree to pay the company the sum of $8900 for the work. The complaint alleges that the company was awarded the contract on the prospective purchase of the bonds by the president of the said concern. B. He also asks that said contract be cancelled and that the treasurer be enjoined from receiving the $10,000 for the purchase of the water bonds.

Manley to recover damages in the sum of $10,000 for injuries received by plaintiff on being run into by an automobile driven by Manley. He suffered severe injury, having to remain in the hospital for some time. The complaint alleges that the injuries were received by him through the careles and negligent driving of defendant. He also asks for the loss of his salary during the time he was laid up, doctor fees, medicine, nurse hire, etc., amounting to $2800, making a total of $12,800.

News was received late last evening from St. Luke's hospital in San Francisco to the effect that Dr. Taggart was sinking rapidly and would not survive the night. All hope of his recovery has been abandoned by the attending physicans. This will be painful news to his many friends in this city who admired him both as a citizen and physician.

The appointment of J. W. Herd as postmaster of Oil Center was not confirmed by the U. S. Senate at Washington last Saturday for some unknown reason. It is just possible that Senator Works had some one else in mind for the place and opposed the confirmation of Mr. Herd, who is a prominent business man of Oil Center. His wife is a former Redwood girl and was known as Emma Clarke.

Mr. and Mrs. M. Eva and Mr. and Mrs. Walter K. Fletcher gave an informal dance to their many friends in this city and San Francisco in Assembly hall, 1268 Sutter street, San Francisco Thursday night. About 200 guests were present. A neat program was rendered before dancing began. The affair was an enjoyable one. Refreshments were served at midnight. Many of the prominent people of Redwood City attended.

Captain Hastings, who is a raiser of fancy chickens in Dingee Park, was very successful with his choice exhibit of fowl at the poultry show that was begun at San Mateo on Wednesday and will continue until tomorrow. He was awarded the following prizes: Buff Plimouth Rock, first prize for cockrel, first and second hen and first pullet. Rhode Island Red, third cockrel, White Plymouth Rock, fourth hen, White Leghorn, fourth hen and fourth pen.

The Coburn incompetency case that is set for next Monday will likely be postponed as the Western Fuel Company's case is set for that date in the Federal court. Matt I. Sullivan, the principal attorney for the guardian of Coburn, will appear for the government against the fuel company. It was stipulated at the time that the Coburn case was set that the Western Fuel Company's suit would take precedence over the latter action.

William Corbet has sold his newspaper route in this city to M. Millsap of Dinuba. The change in ownership took place on the first of the month. Mr. Corbet has made many friends while here and he carrys with his to San Francisco the best wishes of the people of Redwood City. Mr. Millsap has been connected with the postoffice department at Dinuba for many years. He will be assisted in the work by his son-in-law, Mr. Dobbins, who has resided in Dingee Park for the past two years. Mr. Corbet had the agency for all the San Francisco daily papers.

INDIGESTION OVERCOME
Overcome by Simple Remedy.
Hurried and careless habits of eating, irregular meals and foods that do not harmonize, tend to weaken the digestive organs and result in different forms of stomach trouble.
If you are one of the unfortunates who have drifted into this condition, eat simple foods only, slowly, regularly and take Vinol, our delicious cod liver and iron tonic.
Mrs. H. J. Smith, Thomasville, Ga., says: "I suffered from a stomach trouble, was tired, worn out and nervous. A friend advised me to take Vinol. My stomach trouble soon disappeared and now I eat heartily and have a perfect digestion and I wish every tired, weak woman could have Vinol, for I never spent any money in my life that did me so much good."
The recovery of Mrs. Smith was due to the combined action of the medicinal elements of the cods' livers—aided by the blood making and strength creating properties of tonic iron, which are contained in Vinol. We will return the purchase money every time Vinol fails to benefit.
